PROJECTED BALANCE 1986 THRU 2010	380,194	-11,215,704	-147,856⁶

Endnotes:

1. 2008 losses not yet available.
2. Refer to Annual Striped Bass Credit and Annual Salmon Smolt Credit tables (attached).
3. Steelhead Credit Assumptions:
2003 & 2005 & 2007 release includes 50,000 FRH mitigation fish as Yearling Equivalents (YE); 2008 estimate is preliminary and needs to be verified with DFG;
Mill Creek Water Exchange O&M = 248 YE

No steelhead available from Feather River Hatchery for mitigation for 1998, 2000-2002, 2004, 2006 and 2008.
4. Delta-Bay Enhanced Enforcement Project = 250,000 (Annually);
SRC D Suisun Marsh Fish Screen O&M Project = 4,452 (Annually)
5. 2009-2010 Salmon Credit Assumptions:
SJ Basin Spawning Habitat Projects (8) = 46,791;
Predator Habitat Removal Projects (3) = 33,564 (constant);
Hills Ferry Barrier = 105,166 (1994-2008 mean credits);
MRH = 448,873 (1992-2008 mean credits);
DBEEP = 250,000 annually;
Spring-Run Increased Protection = 116,658 (1997-2008 mean credits);
Mill Creek Water Exchange O&M = 95,139 (1999-2008 mean credits);
Butte Creek Passage Projects = 30,883 (1997-2008 mean credits).

Total Potential Credits = approximately 1,100,000 annually.
6. Direct replacement of steelhead reared at Feather River Hatchery at an annual amount equal to or greater than the annual loss rate.
